

Giving Back

Roy Holman, with Virtual Properties Realty, recently completed a cold bicycling trek of 176 miles on the Blue Ridge Parkway to raise funds for his favorite charity, The Children's Miracle Network of Atlanta. While mechanical difficulties hampered his efforts preventing him from accomplishing the number of miles of his prior trips (2006 went 287 miles raised \$1306 and 2007 went 340 miles raised \$541). Roy really appreciates the support of Virtual Properties Realty and other sponsors who pledged funds per mile of his cycling journey. Special thanks go to his wife, Cathy, who followed in the chase car with encouragement and logistical support. He vowed to try again next year, but in late September.
